

Defining a Scale

```
const currentMargin = -5;  
  
// ...should map to:  
  
const currentAngle = -37.5;
```

$$\int_{-\infty}^{\infty} \delta(x) dx = 1$$

?

$$) = 1 - 1$$

$$\lim_{n \rightarrow \infty} \left(1 + \frac{1}{n} \right)^n$$

$$\lim_{x \rightarrow \infty} x = \infty$$
