# Gauge Error Boundaries

```
const angle = 10;
const errorRanges = [15, 30];
```

Gauge Error Boundaries

```javascript
const angle = 10;
const errorRanges = [15, 30];

// ...converts into...:

const wedges = [
  { start: -20, end: -5 },
  { start: -5, end: 0 },
  { start: 0, end: 25 },
  { start: 25, end: 40 }
]
```
